Enquiry No. 2438.

HIGH SPEED OIL CIRCUIT BREAKER FOR DAVANGERE TOWN ELECTRIFICATION. E.D. 476.

GENTLEMEN,

I write to request you to quote your best price and earliest time of delivery for the following materials :—

One—High Speed Oil Circuit Breaker, indoor, floor mounted, 78,000-volt, 600 amperes, T.P. S.T., solenoid operated, automatic, remote control, complete with bushing type current transformers and auxiliary switches and sufficient quantity of transil oil for the initial filling. The rupturing capacity of the oil Circuit Breaker should be not less than 500,000 K. V. A. at the rated voltage and the speed should be such as to isolate the circuit within 1/10 of a second in cases of severe faults. These oil Circuit Breakers are meant for use at the end of a 50 mile transmission line of 78,000-volts, 3-phase, 3-wire, 25-cycle system with neutral solidly grounded. The solenoid mechanism should be capable to operate from 110-130-volts battery; besides, there should be provision for hand-operating the Circuit Breaker. The mechanism should be proof against pumping, either during opening or closing and should be trip free. The bushing type current transformer should have a secondary of 5-amperes and be fitted with taps for taking the following 3 ratios, viz., 200 : 100 : 50 : 5. Each oil Circuit Breaker should be provided with 6 current transformers the ratios being identical. The bushings of the oil Circuit Breaker should be oil-filled and with a gauge glass and breather at the top. At the bottom of the bushings there should be a vent for draining off the oil. The complete unit of each bushing should be such as to be capable of being easily replaced. The oil Circuit Breaker should be capable of operation twice with an interval of 2 minutes and be capable of carrying full load afterwards for such time that it is possible to inspect the same. Auxiliary switches fitted in the operating mechanism should have a cover, dust and insect-proof. The temperoture rise of any part during full load conditions should not exceed 40° above an ambient tempera- ture of 35°.

Full details with regard to the rated voltage, rupturing capacity and the time required for isolating the circuit by the oil Circuit Breaker should be furnished.

The oil Circuit Breaker should be of such dimensions so as to fit and be installed in a space of 11 ft. long, 6 ft. broad and 14 ft. in height. Rough dimensional sketches showing the overall dimensions and the details of the breaker to be supplied should be furnished with the quotation.

Quotations for materials of German manufacture should be in *Reich-marks* for payment out of the Mysore Government moneys in the Reichskredit Gessolschaft, Berlin, which represent the realizations on account of sale of sandal oil in Germany.

The price to be quoted should be for delivery c.i.f., Madras.

This enquiry will close on the 15th September 1937.

As the materials are required very urgently, you may get the prices by cablegram and communicate the same so as to reach this office before the above date.

To

The Firms dealing in Clocks and Timepieces.

Enquiry No. 2443.

TIMEPIECES AND CLOCKS REQUIRED FOR THE SEVERAL GOVERNMENT DEPARTMENTS DURING 1937-38.

GENTLEMEN,

Sealed tenders superscribed "Quotations for clocks and timepieces" will be received by the undersigned up to 4th September 1937 for the supply of the following clocks and timepieces required for use in Mysore Government Departments during the year 1937-38 :—

Timepieces 4" dial with alarm,
Timepieces 4" dial without alarm,
Timepieces 2" dial without alarm,
(Ansonia Bee, Bravo, the Sphere, Jaz, Intermittent or any other equally good make.)
Clocks 8", 10" and 12" dial, round and octagonal, seven days' wind, with striking hours and half hours, with and without drop.
(Quotations may be sent for English, Continental, American and Japan makes).

Tenderers should bind themselves to abide by the following conditions :—

(1) The prices quoted should hold good for a period of one year from the date of contract.
(2) The Stores Purchase Committee do not bind themselves to purchase any or all the kinds of timepieces and clocks specified above. Supplies will be required to be made as and when indents are sent.
(3) The indents of departmental officers should be complied with within two weeks from date of receipt of indents.
(4) The prices to be quoted should be for free delivery on rails at Bangalore, Kolar, Tumkur, Mysore, Hassan, Shimoga, Chikmagalur and Chitaldrug.
(5) The timepieces and clocks should be of sound construction and workmanship and guaranteed for a period of at least two years. If they are found to be defective or become unserviceable under normal use during the guaranteed period, they will have to be replaced by sound ones free of cost.
(6) In the case of timepieces and clocks required for Educational Institutions, they should be engraved with letters "D.P.I" without extra cost.
(7) Samples of timepieces and clocks offered need not be submitted with tender. The Stores Purchase Committee will call for samples if necessary.
(8) The successful tenderer will be required to execute an agreement and deposit a sum of Rs. 100 as security for the due fulfilment of the contract.

To

The Firms dealing in Liquid Chlorine.

Enquiry No. 2447.

LIQUID CHLORINE REQUIRED DURING THE YEAR 1937-38.

GENTLEMEN,

About 32,500 lbs. of liquid Chlorine will be required during the year commencing from 1st September 1937 and ending with 31st of August 1938 for delivery at the several places specified in the undermentioned schedule in accordance with the programme of deliveries detailed therein.

I would request you to let us know the price at which you can take up for the supply of the material for delivery as required by us.

The material should be guaranteed chemically 99/100 per cent pure.

The material should be supplied in your own cylinders, returnable in 6 or 12 months from the date of supply.

If the material is required to be delivered at places other than those mentioned in the schedule the extra actual freight charges will be paid.

The successful tenderer should be prepared to execute an agreement binding himself to execute the contract satisfactorily and also deposit an amount equal to 5 per cent of the value of the contract as security.

This enquiry will close on the 30th August 1937.

DUNGRY TURBANS REQUIRED FOR THE MYSORE RAILWAYS.

DEAR SIR/GENTLEMEN,

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for Dungry Turbans", with the above enquiry Number.

This enquiry will be closed on the 2nd September 1937.

Item No.	Description of material offered	Quantity	Price quoted F. O. R.	Time of delivery
	Dungry Turbans, 6 yds. long, 22″ wide, with 7″ white border on each side lengthwise and 18″ black and white mixed border at one end breadthwise. Hand made	No. 400	Mysore.	

N.B.—Samples of turbans offered should accompany the quotation.

To

The Firms dealing in Shell Lime or Hydrated Lime.

Enquiry No. 2449.

SHELL LIME OR HYDRATED LIME.

GENTLEMEN,

Please quote your best price for the material described below f.o.r., Bangalore.

100 (one hundred) tons Shell Lime or Hydrated Lime for water purification :—

Specification :—

Calcium Hydroxide	96·20	per cent
Do Carbonate	1·19	,,
Do Sulphate	0·58	,,
Magnesium Carbonate	0·48	,,
Iron Oxide	0·03	,,
Alumina	0·10	,,
Silica	0·53	,,
Excess water	1·13	,,

Of the above quantity 30 tons will be required to be supplied immediately and the balance in two equal instalments; the dates on which the instalments should be delivered will be intimated by the Executive Engineer, Water Supply Division, Bangalore, later on.

The material will be required to be delivered packed in strong single gunny bags.

Failure to make supplies in time and according to specification will entail cancellation of the order and purchases being made from other sources at your entire risk and expense, the extra cost, if any, incurred thereby being debited to you. In such an event the Stores Purchase Committee reserve the right to levy a sum equal to 3 per cent of the value of the order from you, as and by way of liquidated damages.

In cases of doubt as to whether the material supplied conforms to the required specification, the Stores Purchase Committee will arrange to have a sufficient quantity taken from the supply subjected to analysis and the cost of such analysis, *viz.*, Rs. 15 should be borne by you.

This enquiry will be closed on the 1st of September 1937.
